Training Resources - Maths	5
Training Resources for New Employees	6
Training Resources for More Experienced Employees	10
Training and Assessment Resources	10

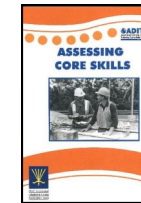

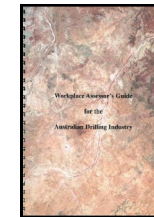

Training and Assessing in the Drilling Industry

A small booklet to help people who have been asked to act as a mentor for someone studying by distance learning.

Price: \$ 38.00

Postage & Handling: \$ 5.00

Total Price: \$ 43.00

Workplace Assessor's Guide for the Australian Drilling Industry (Manual & DVD)

This guide is for people who have to carry out work skills assessment or whose work skills are being assessed. It uses examples from the drilling industry to show how assessment happens.

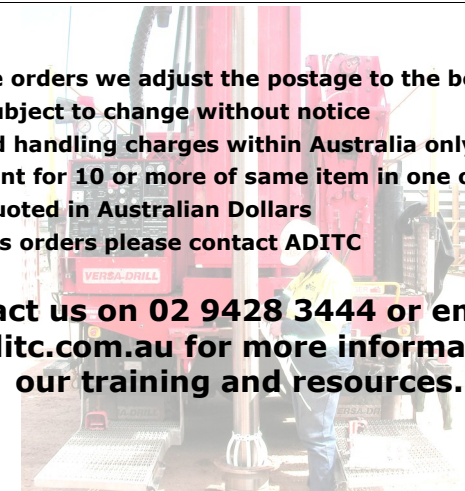

Price: \$ 60.00 + GST

Postage & Handling: \$ 15.00

Total Price: \$ 81.00

- For multiple orders we adjust the postage to the best cost for you
- All prices subject to change without notice
- Postage and handling charges within Australia only
- 10% discount for 10 or more of same item in one order
- All prices quoted in Australian Dollars
- For overseas orders please contact ADITC

Contact us on 02 9428 3444 or email to office@aditc.com.au for more information about our training and resources.

Training Resources - for More Experienced Employees

Managing Complex Technical Situations

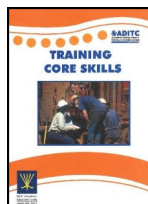

Learn how to collect and analyse information, diagnose and solve complex problems, manage non-routine/complex drilling operations and use technology effectively.

Price: \$ 38.00

Postage & Handling: \$ 5.00

Total Price: \$ 43.00

Training and Assessment Resources

Training Core Skills (DVD)

This video is for people who have to carry out work skills training. It uses an example from the Drilling Industry to show how training happens on-site with a real trainer and trainee.

Price: \$ 50.00 + GST

Postage & Handling: \$ 10.00

Total Price: \$ 65.00

Professional Development Kit

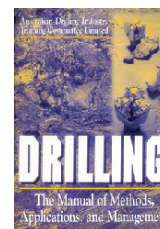

This kit has been developed to provide information and assistance to those involved in the implementation of the Drilling Industry Training Package. Includes the new National Training Framework, training and assessment within the framework for the Training Package, diagrams of industry qualifications, flowcharts of the training and assessment process, together with sample competency standards, assessment tools and competency completion records.

Price: \$ 38.00

Postage & Handling: \$ 5.00

Total Price: \$ 43.00

Reference Resources

Drilling the Manual of Methods, Applications and Management

The contents of the Manual relate to the Mineral Exploration, Water Well, Geotechnical, Environmental & Foundation/Construction sectors of the industry. It is designed to enable the reader to gain knowledge not only in what to do, but how and why a task is performed. It is a reference publication, and a textbook for the DICAT External Study Program.

Price: \$ 165.00 + GST

Postage & Handling: \$ 15.00

Total Price: \$ 196.50

Diamond Drilling Handbook W. F. Heinz 4th Edition 2009

A hands-on ready reference for the diamond driller in the fundamental retrieval of core samples which provide the solid evidence in the determination of ore bodies. Covers the what, the why and the how.

Price: \$ 110.00 + GST

Postage & Handling: \$ 15.00

Total Price: \$ 136.00

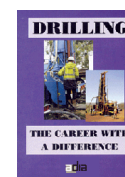

Drilling Rig Safety Reference Kit

This compendium contains the ADITC Drilling Safety and Induction Manual, St. John Ambulance Basic Life Support and Australian Remote Area First Aid Guide. The Drilling Safety and Induction Manual covers general safety and risks associated with different applications and methods of drilling, practical suggestions on managing them, practical knowledge on how to follow workplace health, safety and environment procedures and assists in designing induction training for new personnel.

Price: \$ 135.00 + GST

Postage & Handling: \$ 15.00

Total Price: \$ 163.50

Drilling - A Career With a Difference (DVD)

To provide information to potential new employees with a broad insight into the job and where it fits in the mining, agriculture and construction sectors. Produced by the ADIA.

Price: \$ 20.00 + GST

Postage & Handling: \$ 10.00

Total Price: \$ 32.00

Sieve Analysis Report Forms (pad of 100)
Pad of Forms to record results of sampling in a bore.

Price: \$ 10.00 + GST
Postage & Handling: \$ 5.00
Total Price: \$ 16.00

Get Your Message Across!

A Quick Reference Guide
for communicating safety
and
work team effectiveness

Australian Drilling Industry Training Committee Ltd

Price: Free
Postage & Handling: \$ 5.00
Total Price: \$ 5.00

Get Your Message Across
A quick reference guide for communicating safety and work team effectiveness. This book will help you build the good communication skills in your company that underpin high performance characteristics. The most successful businesses will be those whose employees communicate effectively.

Vehicle Loading Crane (truck mounted)
Knowledge to mobilise equipment and materials – load/unload vehicle.

Price: \$ 38.00
Postage & Handling: \$ 5.00
Total Price: \$ 43.00

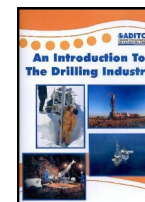

Workplace Communication
This resource covers effective communication, workplace and client interaction.

Price: \$ 38.00
Postage & Handling: \$ 5.00
Total Price: \$ 43.00

Workplace Team Effectiveness
Living away and interpersonal skills to maintain good relationships with clients, management, co-workers and other relevant parties, communicate effectively with other crew members and assemble/dismantle and maintain down-hole tools.

Price: \$ 38.00
Postage & Handling: \$ 5.00
Total Price: \$ 43.00

An Introduction to the Drilling Industry (DVD)
This video, although a little aged, is applicable to all sectors of the drilling industry and provides an overview of the various types of rigs, methods of drilling and their applications. A strong emphasis has been placed on safety issues.

Price: \$ 50.00 + GST
Postage & Handling: \$ 10.00
Total Price: \$ 65.00

Training Resources - for New Employees cont.

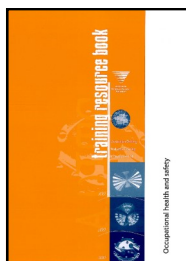

Mobilising Equipment

Covers knowledge and skills to mobilise equipment and materials, including preparation for move to site, unloading, loading, operating and maintaining vehicle.

Price: \$ 38.00

Postage & Handling: \$ 5.00

Total Price: \$ 43.00

Occupational Health and Safety in the Work Environment

Interpret relevant OH&S policies and procedures, adopt safe work practices and apply personal health and safety measures.

Price: \$ 38.00

Postage & Handling: \$ 5.00

Total Price: \$ 43.00

Power Systems – Diesel Engines

Knowledge to carry out basic operator maintenance and a range of welding and cutting processes.

Price: \$ 38.00

Postage & Handling: \$ 5.00

Total Price: \$ 43.00

Support Drilling Operations

Teaches how to set up/pack up a drill site, and to support the drilling process through the adding/removing of rods and all down-hole tools and operating ancillary equipment. You will also learn how to control damage to the environment, clean all equipment, maintain levels of supplies and undertake and record samples collection.

Price: \$ 38.00

Postage & Handling: \$ 5.00

Total Price: \$ 43.00

Training Resources - Maths

Well Control Maths for Coal Seam Gas – CD

This CD is designed for people who are working in the coal seam gas (CSG) drilling industry who would like a better understanding of the mathematics used to control wells and prevent blowouts. The same principle is used in the oil and gas drilling industry, though at different depths. The resource may be a foundation for undertaking Well Control courses offered by IADC/IWCF.

Price: \$ 100.00 + GST

Postage & Handling: \$ 5.00

Total Price: \$ 115.00

Pocket Maths/Drilling Calculations and Terms

A pocket-sized book containing words used every day for filling in the driller's log with the correct descriptive terms and spellings. Words are grouped according to specific topics. Flip the book over and you have a handy listing of the most common calculations used in the Drilling Industry.

Price: \$ 20.00 + GST

Postage & Handling: \$ 5.00

Total Price: \$ 27.00

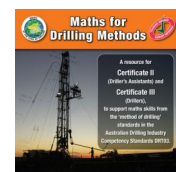

Basic Mathematics for the Drilling Industry

Originally designed for the maths component of the DICAT course to assist drillers to become more aware of just how much maths is used on the job and look at some of the strategies to make sure you understand the basic maths involved.

Price: \$ 18.00 + GST

Postage & Handling: \$ 5.00

Total Price: \$ 24.80

Maths for Drilling Methods - CD

A CD designed to help you manage the maths you need to work effectively in the drilling industry using different methods of drilling and to meet the maths requirements of the national competency standards for the drilling industry. The topics and examples reflect real use of maths in real drilling situations. Drilling industry members contributed expertise, time, advice and photos of operations to make this resource practical.

Price: \$ 49.00 + GST

Postage & Handling: \$ 5.00

Total Price: \$ 58.90

Training Resources - for New Employees

Survival and Camp Life Skills

Provides living away and interpersonal skills for the active and safe participation in camp life including skills required for remote area travel by vehicle.

Price: \$ 38.00

Postage & Handling: \$ 5.00

Total Price: \$ 43.00

Drill Rig Operational Maintenance

How to carry out basic operator maintenance and clean all equipment, including drilling equipment, vehicles, equipment, tools.

Price: \$ 38.00

Postage & Handling: \$ 5.00

Total Price: \$ 43.00

Drilling Power Systems – Hydraulics, Pumps and Generators

This book covers how to set up and pack up a drill site and support the drilling process by carrying out a range of welding and cutting processes.

Price: \$ 38.00

Postage & Handling: \$ 5.00

Total Price: \$ 43.00

Forklift Truck Operations

Teaches how to load/unload vehicle and prepare for move to site.

Price: \$ 38.00

Postage & Handling: \$ 5.00

Total Price: \$ 43.00

Functional Mathematics

Covers the mathematics a driller will come across when setting up a drill site and mobilising equipment and materials, and undertaking samples collections.

Price: \$ 38.00

Postage & Handling: \$ 5.00

Total Price: \$ 43.00

Hand and Power Tools

Teaches how to identify hazards, add/remove rods and all down-hole tools and to operate, clean and maintain ancillary equipment at drilling site.

Price: \$ 38.00

Postage & Handling: \$ 5.00

Total Price: \$ 43.00

Introduction to Drilling

Provides the underpinning knowledge for all the competencies of a Driller's Assistant, including duties, career paths, history and an introduction to the types of rigs, major objectives and different standards for down-hole equipment.

Price: \$ 38.00

Postage & Handling: \$ 5.00

Total Price: \$ 43.00

Introduction to Managing on-site Safety

Enables you to undertake and manage on site safety induction procedures and inspect equipment and work areas.

Price: \$ 38.00

Postage & Handling: \$ 5.00

Total Price: \$ 43.00
